

TASKI® Sani 100 QS

W1a

Washroom cleaner in QuattroSelect®

Description

Washroom cleaner for water-resistant hard surfaces and floors. Also available in fully recyclable mono-material pouch.

Key properties

- Alkaline
- Effective cleaner
- Unique, patented Odour Neutralizing Technology (O.N.T.)
- State-of-the-art calcium binding sequestrant

Benefits

- Perfect for the cleaning of enamel, chrome, porcelain, ceramic tiles, marble, synthetic and painted surfaces, glass, etc
- Highly effective at removing common washroom soil, e.g. body fat, cosmetic and soap residues
- Regular use hinders limescale build-up
- Leaves a pleasant, fresh fragrance

Use instructions

The product can only be used through the QuattroSelect dilution unit, which guarantees 100% cost control and safety. The QuattroSelect unit dispenses high flow (bucket application) and low flow (spray application) dosages.

Spray application: Spray the solution on a damp cloth and wipe. Use a sponge pad to remove stubborn soil. Rinse or replace the cloth regularly.

Bucket application: Apply the solution with a cloth/sponge or mop and wipe. Use a sponge pad to remove stubborn soil.

Wet mopping: Apply the solution with a mop and remove soiled solution.

Dosage*

Spray application: Fill the spray bottle from the low flow eductor. Attach the trigger and shake bottle gently.

(Recommended concentration 2%)

Bucket application: Fill the bucket using the high flow eductor through the filling gun. (Recommended concentration:

0.2% light soiling; 0.4% heavy soiling)

Please refer to the Quattro Select unit installation manual for selecting the right dilution tip.

Proper dosage saves costs and minimizes environmental impact.

**This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*

Technical data

Appearance:	Clear, red liquid
Odour:	Fresh fragrance
pH value (neat):	~ 11
pH value (in use):	~ 11
Relative density (g/cm ³ ; 20°C):	≈ 1.03

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; sds.diversey.com. Store in original closed containers away from extremes of temperature. Only for professional users / specialists.

Product compatibility

Do not use more than dosage of 1% on calcareous stone surfaces (e.g. marble). Test material compatibility in a small, inconspicuous place before use.

Environmental information

The surfactants used in this product are biodegradable in compliance with the requirement of EU Detergent Regulation, EC 648/2004.

Fully recyclable mono-material pouch with removable label and cap, so easy to recycle where the required infrastructure exists.

Available pack sizes

TASKI Sani 100 is available in 2x2.5L pouch. Empty spray bottle and corresponding sprayers are also available.
